Key Information Document production date: 19/08/2026.

What is this product?

Type: Units of Amundi Euro Government Bond 0-6 M UCITS ETF, a UCITS (Undertaking for Collective Investment in Transferable Securities), established in the form of an FCP.

Term: The product has a duration of 99 years. The Management Company may dissolve the product by means of liquidation or merger with another product in accordance with legal requirements.

AMF Classification ("Autorité des Marchés Financiers"): Euro-denominated bonds and other debt instruments

Objectives: By subscribing to Amundi Euro Government Bond 0-6 M UCITS ETF (the "**Fund**"), you are investing in a passively managed UCITS whose objective is to replicate as closely as possible the performance of the 100% FTSE EUROZONE GOVERNMENT BILL 0-6 MONTH CAPPED (the "**Index**") regardless of whether it experiences a positive or negative development.

The maximum tracking error objective between the growth of the net asset value of the Fund and that of the Index is indicated in the Fund's prospectus.

The Index, gross dividends reinvested, net dividends reinvested and coupons reinvested, of the total return type (i.e. including a monetary performance as well as a commodities performance), of the total return type (i.e. capitalising interest), denominated in euro, is calculated and published by the FTSE index provider.

More information on the composition and operating rules of the Index can be found in the prospectus and on www.ftserussell.com.

The Index is available via Reuters (EMTT6CC=) and Bloomberg (EMTT6CC).

To replicate the 100% FTSE EUROZONE GOVERNMENT BILL 0-6 MONTH CAPPED INDEX, the Management Company applies a "passive" type of management using the direct replication method which consists of investing in financial securities that are part of the 100% FTSE EUROZONE GOVERNMENT BILL 0-6 MONTH CAPPED INDEX in proportions that are extremely close to those of the Index.

To generate additional yield, the Fund may make collateralised temporary purchases and sales of securities.

You may resell your units during the trading hours of the various stock exchanges, provided that the Market Makers can maintain market liquidity.

Intended retail investors: This product is intended for investors with a basic knowledge and/or no or limited experience of investing in funds, who are seeking to increase the value of their investment over the recommended holding period and who are able to bear a loss of up to the full amount invested.

The product is not open to residents of the United States of America/"U.S. Person" (the definition of "U.S. Person" is available on the Management Company's website www.amundi.com and/or in the prospectus).

Redemption and transaction: The Fund's units are listed and traded on one or more stock exchanges. Under normal circumstances, you can trade units during trading hours. Only authorised participants (e.g. selected financial institutions) can trade units directly with the Fund on the primary market. Further details are provided in the Fund's prospectus.

Distribution Policy: As this is a non-distributing unit class, investment income is reinvested.

What are the risks and what could I get in return?

RISK INDICATOR

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

We have classified this product as 1 out of 7, which is the lowest risk class. This rates the potential losses from future performance at a very low level, and poor market conditions are very unlikely to impact our capacity to pay you.

Additional risks: Market liquidity risk could amplify the variation of product performances. The units are exposed to currency risk in so far as the components of the Benchmark may be denominated in currencies that are different from the currencies of the units and/or if the units are listed on certain markets in different currencies.

The use of complex products such as derivatives can lead to increased movement of securities in your portfolio.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Beside the risks included in the risk indicator, other risks may affect the Fund's performance. Please refer to the Amundi Euro Government Bond 0-6 M UCITS ETF prospectus.

What happens if Amundi Asset Management is unable to pay out?

The product is a co-ownership of financial instruments and deposits separate from the Management Company. In the event of default by the Management Company, the assets of the product held by the depositary will not be affected. In the event of default by the depositary, the risk of financial loss to the product is mitigated due to the legal segregation of the depositary's assets from those of the product.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

* Secondary market: as the Fund is an ETF, investors who are not Authorised Participants will ordinarily only be able to buy or sell its shares on the secondary market. As a result, investors will pay brokerage charges and/or transaction charges on their transactions on the stock market. These brokerage charges and/or transaction charges are neither charged nor payable by the Fund or the Management Company, but by the investor's own intermediary. Furthermore, investors may also incur bid-ask spreads, i.e. the difference between the price a share may be sold at (ask price) and the price it may be bought at (bid price).

Primary market: Authorised Participants who trade directly with the Fund will pay the transaction costs applicable to its primary market.

How long should I hold it and can I take money out early?

Recommended holding period: 1 year. This period is based on our assessment of the risk and reward characteristics and costs of the Fund. This product is designed for short-term investment; you should be prepared to stay invested for at least 1 years. You can redeem your investment at any time, or hold the investment longer.

Order schedule: Information on the order frequency can be found under "What is this product?". ". Please refer to the section "What are the costs?" for more information on the exit costs.

In the primary market, the management company may:

- Suspend the redemption of units, if exceptional circumstances so require, taking into account the interest of investors.
- Manage liquidity risks by (i) limiting the number of units redeemed for a short period of time, if redemption requests reach a predefined threshold beyond which these requests can no longer be executed in the interest of all investors ("**Redemption Cap**"), and (ii) applying anti-dilution levies to the Fund to offset or reduce portfolio restructuring costs for the remaining investors.

On the secondary market, investors will generally be able to sell their shares on the relevant stock exchange. Additional details can be found in the prospectus.

How can I complain?

If you have any complaints, you may:

- Mail Amundi Asset Management at 91-93 boulevard Pasteur, 75015 Paris, France
- E-mail to complaints@amundi.com

In the case of a complaint you must clearly indicate your contact details (name, address, phone number or email address) and provide a brief explanation of your complaint. More information is available on our website www.amundi.fr.

If you have a complaint about the person that advised you about this product, or who sold it to you, they will tell you where to complain.
