Objective and Investment Policy

The Amundi MSCI Japan is a UCITS compliant exchange traded fund that aims to track the benchmark index, MSCI Japan Net Total Return Index offsetting the impact of daily variations of the index local currency vs. the GBP. The GBP-hedged share class offers the simplicity of a daily currency hedge mechanism that is embedded in the investment product, representing an efficient solution to manage the foreign-exchange risk.

Amundi ETFs are efficient investment vehicles listed on exchange that offer transparent, liquid and low-cost exposure to the underlying benchmarkindex.

Lower Risk — Higher Risk

The SRI represents the risk and return profile as presented in the Key Information Document (KID). The lowest category does not imply that there is no risk. The SRI is not guaranteed and may change over time. The risk indicator assumes you keep the product for 5 years.
The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

« Technical net asset values may be calculated and published for any calendar day (excluding Saturdays and Sundays) that is neither a business day nor a transaction day. These technical net asset values are merely indicative and will not be the basis for purchasing, switching, redeeming and/or transferring shares."

We have classified this product as 5 out of 7, which is a medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact our capacity to pay you. Additional risks: Market liquidity risk could amplify the variation of product performances. This product does not include any protection from future market performance so you could lose some or all of your investment. Beside the risks included in the risk indicator, other risks may affect the Sub-Fund's performance. Please refer to the MULTI UNITS LUXEMBOURG prospectus.
