A Sub-Fund of Amundi Index Solutions

LU3178805456 - Currency: EUR

This Sub-Fund is authorised in Luxembourg.

Management Company: Amundi Luxembourg S.A. (hereafter: "we"), a member of the Amundi Group of companies, is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier (CSSF).

The CSSF is responsible for supervising Amundi Luxembourg S.A. in relation to this Key Information Document.

For more information, please refer to www.amundi.lu or call +352 2686 8001.

This document was published on 08/06/2026.

What is this product?

Type: Shares of a Sub-Fund of Amundi Index Solutions, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

Term: The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

Objectives: The Sub-Fund aims to provide returns in line with money market rates.

The Sub-Fund invests at least 67% of its assets in money market instruments. The Sub-Fund maintains within its portfolio a WAM of 180 days or less and a WAL of 365 days.

The Compartment invests no more than 30% of its assets in transferable securities and money market instruments issued or guaranteed by a country, a local public authority within the EU or an international organization to which at least one EU member belongs.

The Sub-Fund may invest up to 10% of its assets in units/shares of other money market funds.

The Sub-Fund may use derivatives for hedging purposes.

The Sub-Fund is a financial product that promotes ESG characteristics in accordance with Article 8 of the Regulation on the publication of sustainability information in the financial services sector.

The Sub-Fund may use the Euro Short Term Rate ("€STR") a posteriori as an indicator for assessing the Sub-Fund's performance.

The Sub-Fund is a "Variable NAV Money Market Fund" as defined by the EU Money Markets Funds Regulations. The Sub-Fund is actively managed. There are no constraints relative to the benchmark restraining portfolio construction.

The Sub-Fund has not designed the Benchmark Index as a benchmark for the purposes of the Regulation on Sustainability Reporting in the Financial Services Sector.

The Sub-Fund integrates Sustainability Factors into its investment process, as described in more detail in the "Sustainable Investment" section of the Prospectus. The investment team performs both technical and fundamental analysis, including credit analysis, to select issuers and short-term securities while building a high-quality portfolio focused on liquidity and risk management. The Sub-Fund strives to ensure that the ESG rating of its portfolio is higher than that of its investment universe.

Intended Retail Investor: This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment over the recommended holding period and who are prepared to take on a medium level of risk to their original capital.

Redemption and Dealing: The Sub-Fund's shares are listed and traded on one or more stock exchanges. In normal circumstances, you may deal in shares during the trading hours of the stock exchanges. Only authorised participants (e.g., selected financial institutions) may deal in shares directly with the Sub-Fund on the primary market. Further details are provided in the Amundi Index Solutions prospectus.

Distribution policy: As this is a non-distributing share class, investment income is reinvested. the accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

What are the risks and what could I get in return?

RISK INDICATOR

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

We have classified this product as 1 out of 7, which is the lowest risk class. This rates the potential losses from future performance at a very low level, and poor market conditions are very unlikely to impact our capacity to pay you.

Additional risks: Market liquidity risk could amplify the variation of product performances.

Beside the risks included in the risk indicator, other risks may affect the Sub-Fund’s performance. Please refer to the Amundi Index Solutions prospectus.

PERFORMANCE SCENARIOS

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the Sub-Fund over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

What you get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

What happens if Amundi Luxembourg S.A. is unable to pay out?

A separate pool of assets is invested and maintained for each Sub-Fund of Amundi Index Solutions. The assets and liabilities of the Sub-Fund are segregated from those of other sub-funds as well as from those of the Management Company, and there is no cross-liability among any of them. The Sub-Fund would not be liable if the Management Company or any delegated service provider were to fail or default.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

COSTS OVER TIME

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10,000 invested.

* Secondary Market: because the Sub-Fund is an ETF, Investors who are not Authorized Participants will generally only be able to buy or sell shares on the secondary market. Accordingly, investors will pay brokerage fees and/or transaction costs in connection with their dealings on stock exchange(s). These brokerage fees and/or transaction costs are not charged by, or payable to, the Sub-Fund nor the Management Company but to the investor own intermediary. In addition, the investors may also bear the costs of "bid-ask" spreads; meaning the difference between the prices at which shares can be bought and sold.
 Primary Market: Authorized Participants dealing directly with the Fund will pay related primary market transaction costs.

How long should I hold it and can I take money out early?

Recommended holding period: 1 day to 3 months is based on our assessment of the risk and reward characteristics and costs of the Sub-Fund.
 This product is designed for short-term investment; you should be prepared to stay invested for at least 0.0027 years. You can redeem your investment at any time, or hold the investment longer.

Order Schedule: Details of dealing frequency can be found under "What is this product?". Please see the "What are the costs?" section for details of any exit fees.

On the Primary Market the Company may:

- Suspend the redemption of shares, if exceptional circumstances so require, considering the interests of investors.
- Manage liquidity risks, by (i) limiting how many shares are redeemed in a short amount of time if redemption requests reach a predefined threshold beyond which such requests can no longer be executed in the best interests of all investors (“**Gates**”), and (ii) applying anti-dilution tools (anti-dilution levy or partial or full swing pricing) to mitigate material dilution for remaining investors.

On the Secondary Market, investors will generally be able to sell their shares on the relevant stock exchange. Further details can be found in the Prospectus.
